

## Amendments to the Claims

What is claimed is:

Claim 1. (Currently amended): A gaming apparatus, comprising:  
a primary game; and  
a bonus indicator separate from and non-identical to said primary game, said bonus indicator to operate simultaneously with said primary game, to be of approximately the same duration as said primary game, and to indicate whether a player goes on to a bonus round.

Claim 2. (Original): The apparatus of claim 1, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols and wherein said primary game is won when a predetermined combination of symbols is achieved.

Claim 3. (Original): The apparatus of claim 1, wherein said bonus indicator is a roulette type wheel.

Claim 4. (Original): The apparatus of claim 1, wherein said bonus indicator is one or more reels.

Claim 5. (Original): The apparatus of claim 1, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is a roulette type wheel.

Claim 6. (Original): The apparatus of claim 1, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is one or more reels.

Claim 7. (Original): The apparatus of claim 1, wherein said apparatus is connected to an overall casino management system which monitors and controls said apparatus.

Claim 8. (Original): The apparatus of claim 1, wherein said apparatus is linked to one or more other gaming apparatuses to create a bank of hyperlinked gaming apparatuses.

Claim 9. (Original): The apparatus of claim 1, wherein said bonus indicator is used to show participation in a tournament played across a linked group of gaming apparatuses.

Claim 10. (Original): The apparatus of claim 1, 2, 3, 4, 5, 6, 7, 8, or 9, wherein the outcome of said bonus indicator is substantially independent of the outcome of said primary game.

Claim 11. (Currently amended): A gaming apparatus, comprising:  
a primary game; and  
a bonus indicator separate from and non-identical to said primary game, said bonus indicator to operate simultaneously with said primary game, to be of approximately the same duration as said primary game, and to indicate whether a player has won a prize.

Claim 12. (Original): The apparatus of claim 11, wherein said prize is a promotional item or message from a casino.

Claim 13. (Original): The apparatus of claim 11, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols and wherein said primary game is won when a predetermined combination of symbols is achieved.

Claim 14. (Original): The apparatus of claim 11, wherein said bonus indicator is a roulette type wheel.

Claim 15. (Original): The apparatus of claim 11, wherein said bonus indicator is one or more reels.

Claim 16. (Original): The apparatus of claim 11, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is a roulette type wheel.

Claim 17. (Original): The apparatus of claim 11, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is one or more reels.

Claim 18. (Original): The apparatus of claim 11, wherein said apparatus is connected to an overall casino management system which monitors and controls said apparatus.

Claim 19. (Original): The apparatus of claim 11, wherein said apparatus is linked to one or more other gaming apparatuses to create a bank of hyperlinked gaming apparatuses.

Claim 20. (Original): The apparatus of claim 11, wherein said bonus indicator is used to show participation in a tournament played across a linked group of gaming apparatuses.

Claim 21. (Original): The apparatus of claim 11, 12, 13, 14, 15, 16, 17, 18, 19, or 20, wherein the outcome of said bonus indicator is substantially independent of the outcome of said primary game.

Claim 22. (Currently amended): A method for playing a gaming machine that includes a bonus indicator, comprising:

playing a primary game; and

automatically initiating a separate bonus indicator, said bonus indicator to operate simultaneously with and be non-identical to said primary game, to be of approximately the same duration as said primary game, and to indicate whether a player goes on to a bonus round.

Claim 23. (Original): The method of claim 22, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols and wherein said primary game is won when a predetermined combination of symbols is achieved.

Claim 24. (Original): The method of claim 22, wherein said bonus indicator is a roulette type wheel.

Claim 25. (Original): The method of claim 22, wherein said bonus indicator is one or more reels.

Claim 26. (Original): The method of claim 22, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is a roulette type wheel.

Claim 27. (Original): The method of claim 22, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is one or more reels.

Claim 28. (Original): The method of claim 22, wherein said gaming machine is connected to an overall casino management system which monitors and controls said gaming machine.

Claim 29. (Original): The method of claim 22, wherein said gaming machine is linked to one or more other gaming machines to create a bank of hyperlinked gaming machines.

Claim 30. (Original): The method of claim 22, wherein said bonus indicator is used to show participation in a tournament played across a linked group of gaming machines.

Claim 31. (Original): The method of claim 22, 23, 24, 25, 26, 27, 28, 29, or 30, wherein the outcome of said bonus indicator is substantially independent of the outcome of said primary game.

Claim 32. (Currently amended): A method for playing a gaming machine that includes a bonus indicator, comprising:

playing a primary game; and automatically initiating a separate bonus indicator, said bonus indicator to operate simultaneously with and be non-identical to said primary game, to be of approximately the same duration as said primary game, and to indicate whether a player has won a prize.

Claim 33. (Original): The method of claim 32, wherein said prize is a promotional item or message from a casino.

Claim 34. (Original): The method of claim 32, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols and wherein said primary game is won when a predetermined combination of symbols is achieved.

Claim 35. (Original): The method of claim 32, wherein said bonus indicator is a roulette type wheel.

Claim 36. (Original): The method of claim 32, wherein said bonus indicator is one or more reels.

Claim 37. (Original): The method of claim 32, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is a roulette type wheel.

Claim 38. (Original): The method of claim 32, wherein said primary game contains a plurality of reels, each of which is capable of displaying symbols, wherein said primary game is won when a predetermined combination of symbols is achieved, and wherein said bonus indicator is one or more reels.

Claim 39. (Original): The method of claim 32, wherein said gaming machine is connected to an overall casino management system which monitors and controls said gaming machine.

Claim 40. (Original): The method of claim 32, wherein said gaming machine is linked to one or more other gaming machines to create a bank of hyperlinked gaming machines.

Claim 41. (Original): The method of claim 32, wherein said bonus indicator is used to show participation in a tournament played across a linked group of gaming machines.

Claim 42. (Original): The method of claim 32, 33, 34, 35, 36, 37, 38, 39, 40, or 41, wherein the outcome of said bonus indicator is substantially independent of the outcome of said primary game.

Claim 43. (Original): The apparatus of claim 11, wherein said bonus indicator awards a predetermined prize.

Claim 44. (Original): The apparatus of claim 11, wherein said bonus indicator awards a random prize.

Claim 45. (Previously presented): The apparatus of claim 43 or 44, wherein the outcome of said bonus indicator is substantially independent of the outcome of said primary game.

Claim 46. (Previously presented): The method of claim 32, wherein said bonus indicator awards a predetermined prize.

Claim 47. (Previously presented): The method of claim 32, wherein said bonus indicator awards a random prize.

Claim 48. (Previously presented): The method of claim 46 or 47, wherein the outcome of said bonus indicator is substantially independent of the outcome of said primary game.

Claim 49. (New): A gaming device comprising:  
a computer configured to present a primary game outcome and to substantially simultaneously present a bonus game indicator to a player, said bonus game indicator designating at least one of a bonus condition or non-bonus condition; and  
means for issuing a bonus to the player where said indicator designates a bonus condition.

Claim 50. (New): The gaming device of claim 49 comprising said computer configured to display a second game to the player for issuing a bonus to the player where said indicator designates a bonus condition.
